

We wish you all a Merry Christmas and a year 2024 full of blessings from heaven.

Thank you for your unconditional support.
Without you we would not have been able to continue this work.

How quickly the year has passed again!

With struggles and trials, sorrows and joys, we can once again say, "The Lord has helped us this far".

The work with the vulnerable families north of Bucharest fills us with faith and hope, gives us energy, encourages us not to stop in our missionary work.

This year we were able to get closer to the parents of the children, with whom we talked about the Lord and even prayed, something that could not be done before, we visited them and spent time with them telling them stories of Jesus.

There has also been a place for Lixandra to treat more closely the last months with two sick ladies, always bringing freshness to their hearts talking about the Gospel.

Walter made a two month and a half missionary trip to Peru, returning on December 8. In the Andean country he visited the Coast, Sierra (mountains) and Selva (Amazon). Among other things he visited the children of the poor area, in Las Lomas de Carabayllo. These had already grown up, but still in Church, faithful to God.

In the Amazon he visited a remote community together with another brother, and there they preached the word and encouraged the small church established there. There was a party because two brothers were free of guilt from a murder attributed to them by the authorities in that area. He traveled to Cañete, the south of the coast towards the mountains. He baptized some brothers with some missionaries, and this was wonderful as he could see the intervention of the Lord.

God grants us the strength to continue proclaiming his word to the most needy.

With appreciation
Walter and Lixandra

In Las Lomas de Carabaillo

Visiting elderly in rest home

Lunch with missionaries students

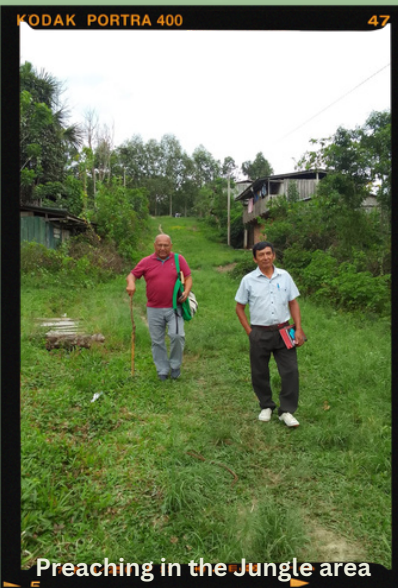

Preaching in a church in the Amazon area

With the church in the Amazon area

Baptism in the South coast of Peru

Preaching in the Jungle area
