Pray for Bangladesh

News Letter Month of July 2021

Union through prayer

To the pandemic situation, we are learning many things to survive in new ways.

One of the best ways is prayer through online prayer. We are trying to keep our connection with prayer partners. Last couple of months we are conducting a prayer meeting between our loving children and prayer partners. We are not able to visit them but through this online prayer meeting, we can see and pray with each other. It's helping to learn how we can be close to each other in any situation.

Responsibility

The following picture encourages that the Children of Delight Children Home are taking care of each other.

They are helping to cook, take care of the garden, cleaning their living and bedroom, bed

and helping each other with their study. Some of the children are helping with haircutting. During this pandemic time, we don't allow professional barbers but thank children because some of them are very good at haircutting. Hope this practical learning will help them to find the meaning of life.

Smile Face

Thank God during this pandemic time He opens door to make a new school uniform for our Delight Primary school. All children are

very happy to get their new school uniform. On the other hand, Although community students are not allowed to come to school, we are conducting a home basis. Teachers team are following curriculum and taking care of their study regularly.

Praise and Worship center

We are happy to inform you after almost 3 months we are going to conduct our Praise and Worship Center in physical presence from next month. Although the covid situation isn't improving yet, to the follow safety issues we want to continue our fellowship.

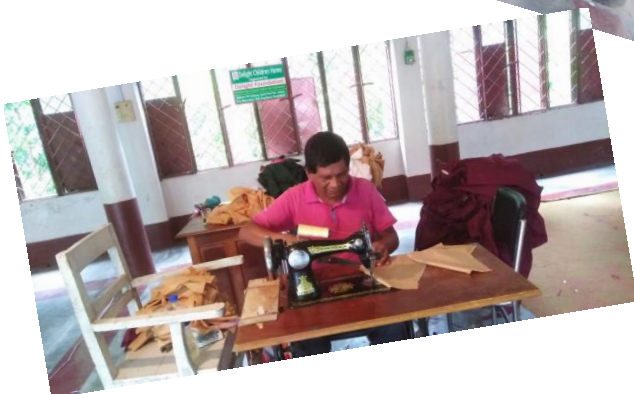

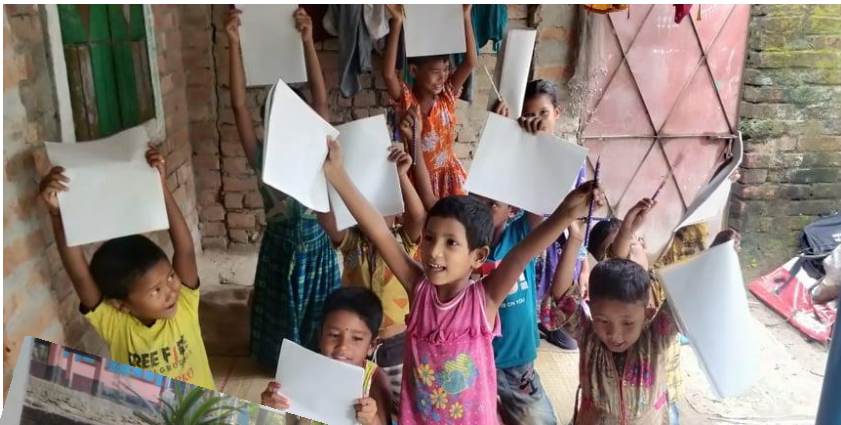

2nd term exam

Delight Primary teachers are working on following the Government education curriculum for our school. They are helping to prepare all the students for the upcoming exam. We have made an extra schedule for our students to complete their

syllabus. The teachers are following up their daily study, handwriting, exam assignments, homework, etc. Some of them are a little bit weak for this new assignment but teachers are helping and encouraging them to improve.
